Primero 2019

⊕ Key Features & Benefits

NCC Approved & Full UK Specification

Your Primero motorhome:

- Has been rigorously tested
- Is safe & legal for use on UK roads
- Has met all NCC approval standards
- Is certified safe for you & your family

All Models Under 6 Metres

Benimar have built the Primero range with your ease during your trips away in mind by ensuring that all models are under 6 Metres.

2 Year Fiat Chassis Warranty

Enjoy your trips away with the knowledge that your vehicle has been designed and constructed to give you years of enjoyable, worry free touring.

Fiat Euro 6 Chassis 130bhp Engine With 6 Speed Gearbox

Ensuring a comfortable and powerful driving experience with daytime running lights. Fiat Comfort-matic automated gearbox available as a cost option.

Touch Screen Radio With USB MP3 And Bluetooth

Make your way to your holiday destination with ease and with the latest audio technology.

ABS Brakes and ESP Traction Control

Travel with maximum peace of mind, knowing your Primero features sophisticated control technologies which can be operated from the cabin easily and quickly.

Cab Air Conditioning As Standard

Drive with ultimate comfort thanks to the inclusion of cab air conditioning. Perfect for those longer summer journeys away.

Habitation Door On UK Side

Built with your comfort in mind, all Primero models have the habitation door on the UK side for ease on those trips away.

Space-Saving Bed Options

Benimar have expertly designed the 2019 Primero range to include a number of versatile bed options including luxurious electric drop-down beds, spacious overcab beds, comfortable fixed beds and multi-functional lounge beds.

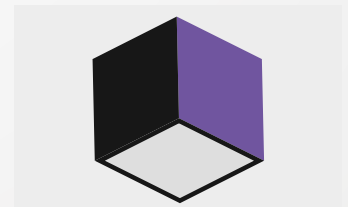

Forward Facing Seat And Belts

All 2019 Primeros have 4 comfort focused designated passenger seats, each with 3-point seat belts ensuring your safety no matter the journey.

Grade 3 Fully Insulated For 365 Day Touring

Enjoy the perfect climate 365 days a year. All Primero models have successfully achieved the Grade 3 classification for heating and thermal insulation.

99% Wood Free Construction

Benimar motorhomes offer the almost complete elimination of wood in the bodywork structure and the use of damp-proof materials, which are extremely effective at insulating to guarantee that the vehicle lasts longer.

+ Specification

CHASSIS SPECIFICATIONS

Optional Upgrade

 **130bhp Comfort -matic Gearbox**

Works in both fully automatic and sequential manual mode

† IMPORTANT: The calculated weight is an estimation only. All the weights mentioned in this catalogue are according to the European Directive 1230/2012 and to the EN 1646-2 standard. The calculation of the weight includes; 90% of fuel in the tank, 1 gas bottle, 50 litre fresh water, 1 person to drive (75 kg), 10 kg luggage. All masses and weights are subject to a tolerance of +/-5% complying with the European Directive 1230/2012.

• Bed sizes have been rounded to the nearest inch.

• **With this vehicle configuration it may be necessary to reduce the payload carried inside the van when towing to ensure the MTPLM and maximum axle loads are not exceeded. Please consult your sales representative for more detailed towing information. The optional Comfort-Matic gearbox on the Fiat chassis will increase the MRO by 15 kg and therefore reducing the user payload by the same amount.

Dimensions quoted are "aperture" height and width and interior garage dimensions may vary.

The Maximum User Payload includes: a) conventional load (this is the allowance for passengers) b) essential habitation equipment (items of fluids required for safe and proper functioning of habitation equipment) c) optional equipment (items available from the manufacturer over and above the standard specification) d) personal effects (those items not effected by the above). Please take care to ensure that you have allowed for the masses of all the items you intend to carry in the motorhome e.g. Passengers, optional equipment, essential habitation equipment and personal effects, such as clothing, food, pets, sailboats, sports equipment etc. The weight of any additional accessories must be deducted from the payload, given that could mean the reduction of the number of passengers. It should be ensured not to exceed the maximum allowable loads on the shafts and technically permissible weight of the fully loaded vehicle.

The maximum weight capacity for an electric drop down bed is 250kg, fixed rear beds have a limit of 250kg, overcab beds are 250kg and bunk beds 100kg.

This brochure is for guidance purposes only. Please be sure to check our full current and technical specifications with your retailer before placing your order. This brochure does not constitute an offer by Benimar or Marquis. It's the continual policy of Fiat and Benimar to seek to improve their vehicles in every way and so whilst every effort has been made to ensure the details set out in this brochure were correct at the time of going to press, they are unable to accept responsibility for discrepancies between these and subsequent models shown. Benimar reserve the right to alter the specifications and price at any time without prior notice. Benimar design its Motorhomes to provide a variety of potential uses for its customers. Each vehicle features the optimum storage, fluid, seating and sleeping capabilities. While the customer enjoys this potential, they have the responsibility to select the proper combinations of loads without exceeding the chassis weight capacities. Bedding and "dress" items shown in photography are used for illustrative purposes only and are not part of the vehicle specification. The End Of Life Vehicle Directive for Fiat - please visit www.fiatprofessional.co.uk/services/assistance/end-of-life-vehicle-collection. Please note that imperial conversions have been rounded to the nearest inch. Dimensions are based on vehicles with standard wheels. All weights and dimensions are subject to manufacturing tolerances and refer to standard specification models and do not include any options. Effective 1st December 2018. This literature supersedes all others. **VZ**
